CV

Timeline

Experience

Masterplanning Team - Placement Year - Amsterdam

- Successfully offered a competitive paid work placement opportunity at Arup in the Amsterdam office, working within the Masterplanning team
- Involved in several international projects; including Belgium, France, Turkey and Finland
- Developed concepts and detailed analysis.
- Experience with clients, meeting project deadlines and having large amounts of responsibility on real projects

English Teacher - Gap Year - Japan

- Built upon my passion for design and architecture
- Taught Independence & financial responsibility
- Improved foreign communication skills
- Confident in working overseas

Arup Introduction Program - Summer Work - London

- Selected for the official ARUP summer program
- Introduction to the working within a civil and structural engineering company
- Improved presentation and people skills

Higher Education

- University of Bath
- MEng Civil & Architectural Engineering - (2.1)
- Excellent base of knowledge in several different aspects of civil engineering. Including: foundation design, hydraulics, detailed design, material science, history of architecture, structures, computer applications etc.
- Good understanding of current British Standards and Eurocodes.

Design Projects

- Balance - 1st - Create a concept and produce a high quality brochure.
- Kew Gardens - 1st - Site analysis skills and providing technical support to architects design choices.
- Basil Spence - 2.1 - Provide more in depth engineering and environmental solutions to architects proposed designs, meeting with working engineers and architects for ideas, culminating in an engineering report and end of project crit

- Built Environment - 1st - Environmental design project of a 600 pupil school. Involving the technical use of both Ecotect and IES programs in order to analyse and produce a lighting and thermal report for the school design. As well as follow strict building bulletins, standards of design and passivhaus regulations.
- Awarded a certificate for the top grade in the year by lecturers as well as CIBSE employees.

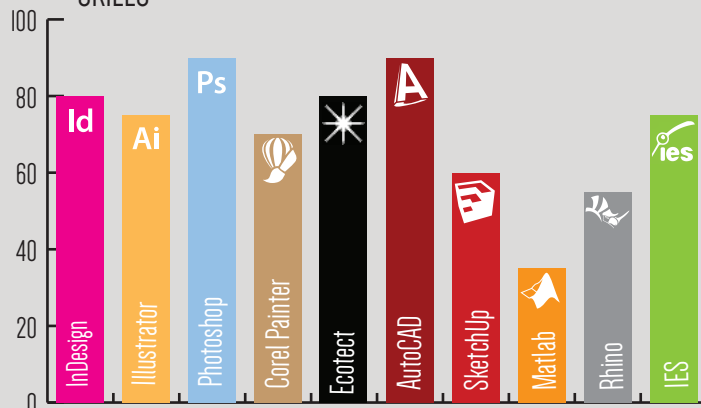

Extracurricular Activities

- Team GB rowing development program; requiring dedication, hard work, and how to deal with very early morning task
- Rowed at Henley Royal Regatta twice reaching the quarter finals
- Rowing Team Captain - Organised training every weekend. Coaching initial techniques and motivation has improved my leadership and communication skills
- Ran the Bath Half marathon, raising more the £1000 for charity.
- Graphic designs uploaded to a popular instagram account
